Quality Executions

Capital Institutional Services, Inc. (CAPIS) was founded in 1977 with one focus - providing institutional investors with quality execution services and superior client service.

As one of the few independent, agency brokers in the industry, we combine a dedication to superior client services with the latest in sophisticated trading technologies. With our electronic connections to all major trust accounting systems, we provide a seamless electronic trading solution to help trust departments manage their trading more efficiently.

Execution Partner

As your execution partner, CAPIS will:

- Perform conflict-free executions
- Dedicate a senior trader as a single point of contact for all executions
- Provide third-party transaction cost analysis (TCA) and national best bid or offer (NBBO) analysis designed to meet your best execution audit reporting obligations
